

PERMISSION TO RELEASE INFORMATION Web

I, _____, agree to allow the Chemistry Department to use information about me and my project from this REU program to document the success and scope of the REU program. The information can be posted on the web site, submitted to the NSF for posting on their web site, and can be included in the progress reports submitted to the granting agency and the university. The information that I'm allowing to be used includes photos taken during the REU program, my name, e-mail address, institutional affiliation, and any abstracts and slides that I create during the REU program.
